I confirm I am a current resident of Ward 7 or Ward 8 in Washington, D.C.

Design Guidelines

The winning 2D drawing will be used to create a low-relief stamp, repeating multiple times around the circumference of the bell. As such, all submissions must adhere to these guidelines:

- Artwork may be sketched digitally or by using pen and ink, pencil, markers, or pastels.
- Artwork must be line-drawn in black on white background.
- Colors, shading, gradients, or intricate detailing cannot be accommodated.
- The drawing should fit within the allotted template space, no larger than 7" wide x 3" tall.
- You do not need to fill the entire artwork area.
- The left side of your artwork will touch the right side of your artwork as the stamp repeats around the bell. These can interact (i.e. a repeating, 'infinity' pattern) or not, but note: depending on the size of the bell, some trimming of artwork edges may be required.

Artists are encouraged to research existing bronze tower bells for inspiration and examples of repeating bell artwork.
